

Mentors Needed

Did you know that mentored kids are more likely to:

- * stay in school,
- * refrain from drugs and alcohol,
- * manage their tempers,
- * show self-reliance,
- * attend school and
- * perform better when at school than non mentored kids?

Discovering Options will provide the training, ongoing support, opportunities for group fun, and the child....

You provide you!!

Discovering Options, a small nonprofit located in St. Louis, is looking for dependable adults to mentor 4th and 5th graders identified as being at risk for social or academic failure. After completing a research based 10-week after school substance abuse prevention program children are matched with a mentor. Mentors commit to:

- seeing their protégés for at least one hour per week
- continuing the relationship for 20 weeks
- submitting monthly documentation of activities

Training and ongoing support are provided by licensed social workers. For more information contact Kelly at (314)721.8116. www.discoveringoptions.org
